## *You are never* **TOO OLD!**

Read that again - you're never too old to set another goal or to dream a new dream. Those words are so true and we see it every day at The Center! We have active participants at The Center from ages 18 to age 101, coming daily to have lunch at Meals on Wheels, to exercise and enjoy fellowship with other participants, and to learn from our presenters. We firmly believe in getting up getting out, and getting on with our lives. No matter our age, we should not stop getting out and enjoying life - it keeps us young at heart.

At The Center we see more and more people who are taking control of the "second half" of their lives by participating in fitness programs, attending educational programs, or volunteering. They are speeding up, not slowing down! They have set a goal of staying healthy, continuing to learn, and being involved in their communities - keeping their bodies and minds healthy and active. It seems to me that we should never say, "I'm too old to do that" or "that's for young folks" - age is an attitude. Want to try a dance class that looks like fun? Take it! Have you always wanted to learn a new skill? Find an instructor and learn it!

Do you want to give back to your community? Look no further; there are always many ways to get involved with The Center and support your community.

We have already scheduled two events that support our community: a Back to School Fair and a First Responders Day BBQ. Join our planning committees to make these events successful. If planning committees are not a fit for you, then consider a donation of school supplies to hand out to kids at our Back to School Fair, or possibly talk with the planning committee to find how you can help support our First Responders BBQ. These events truly give us the opportunity to give back to the community we live in. You won't regret getting involved.

**JUST SO YOU KNOW:** Because of our new goals and dreams, we have been making changes and are planning several more upgrades around the building. We appreciate your patience and flexibility while we complete these. This month we will be moving the Fitness Room to a larger space and temporarily closing it from noon on Friday, June 2 to Tuesday, June 6. Once the Fitness Room is moved, we will be saying goodbye to our storage rooms and converting the meeting room and current fitness room into a larger studio space.

This will accommodate larger classes and events. We are excited about these changes. Also, the City will be doing floor maintenance in the ballroom, so it will be closed from noon on Sunday, June 18 through Wednesday, June 21.

Because of this, some classes will be cancelled and others will be moved to smaller spaces. Again, we really do appreciate your understanding during these changes. Nancy's front desk is complete. She is excited about moving to her new space; it will provide her with added security and protection from the weather. The new space will also allow a second person to be up front to help you, our Members!

Yes, we are never too old and we hope you will let us help you to set that new goal and dream that new dream - you CAN do it! We want to be a part of the journey you are on. If you make it a goal to stay active and involved, others may see you enjoying your life and want to join you on that journey. Set goals, dream dreams, and enjoy the ride!

# Assisted Living Locators®

Your local senior living advisor

## Business Member Spotlight

*Finding the right senior living option can be overwhelming, but it doesn't have to be!*

At Assisted Living Locators, our knowledgeable local team, can help you and your family navigate the complex world of assisted living and memory care. We don't just find you a community, we are able to help you further with:

### 1. **Comprehensive Knowledge and Research**

At Assisted Living Locators, we have extensive knowledge and access to a vast database of assisted living and memory care communities. We stay up-to-date with the latest trends, regulations, and offerings in the industry. This enables us to provide you with accurate and comprehensive information, ensuring you have a clear understanding of the options available to you.

### 2. **Individualized Assessment and Guidance**

We take the time to conduct a thorough assessment of your needs, preferences, and goals. By understanding your unique circumstances, we can provide personalized guidance and recommendations tailored specifically to your requirements. This individualized approach ensures that the options presented to you are well-suited to your specific needs and preferences.

### 3. **Time and Effort Savings**

Searching for the right community can be overwhelming and time-consuming. We simplify the process by conducting the research, comparing facilities, and presenting you with a shortlist of suitable options. This saves you a significant amount of time and effort, allowing you to focus on other important aspects of your transition.

### 4. **Advocacy and Support**

As your advisor, we act as your advocate throughout the entire process. We understand that transitioning to a community can be an emotional journey, and we are here to support you every step of the way. We address your concerns, provide reassurance, and ensure that your needs and preferences are heard and understood.

### 5. **Objective and Unbiased Recommendations**

Our role as your advisor is to provide you with objective and unbiased recommendations. We have no affiliations with specific facilities, allowing us to present you with a wide range of options without any biases. We prioritize your best interests and work to find the community that aligns with your specific needs and preferences.

### 6. **Continued Relationship and Assistance**

Our commitment to you extends beyond the initial placement process. Even after you have selected a community, we remain available to address any concerns or questions that may arise. We value our ongoing relationship and want to ensure your continued satisfaction and well-being.

At Assisted Living Locators, our local team's goal is to become your partner through the process and make your transition to assisted living as smooth and stress-free as possible. By providing comprehensive knowledge, personalized guidance, and ongoing support, we aim to help you find the perfect community that meets your unique needs and allows you to live a fulfilling and comfortable life.

DEMENTIA CARE CERTIFIED®

Our mission at The Center is to **STUFF A BUS** with School Supplies for kids who will need them for the **2023-24** School Year. With your help, we'll be able to reach our goal to hand out backpacks filled with what the students will need at our **Back-to-School Craft Fair** on July 21 & 22!

## Getting a baseline hearing test is an important step in taking care of your hearing health!

By scheduling a hearing assessment, we can provide a valuable snapshot of your current hearing ability and help us identify potential hearing issues before they become more serious. The most important reason to get a baseline hearing test is to identify any potential hearing loss before it becomes worse.

Hearing loss can be caused by a variety of factors, and a baseline test can help us understand your current hearing level and any changes that have occurred since your last test. It can also help us understand if your hearing is within a normal range, or if there is some degree of hearing loss.

By understanding your current hearing level and any changes that have occurred since your last test, we can make better decisions about which activities and environments may be harmful to your hearing health.

**Call us today to schedule your hearing test at one of our convenient locations at 928-899-8104!**
